CIVIL DEFENSE INSTRUCTIONS

U.S. CAPITOL • HOUSE AND SENATE OFFICE BUILDINGS • BOTANIC GARDENS

ATTACK WARNING

SIGNALS

Indoors. Legislative bells sound sequence of two-second rings for 3 minutes or longer.

Outdoors. Civil defense sirens sound wailing (rising and falling) tone for 3 minutes or longer. (Sirens are located throughout the Washington Metropolitan Area.)

WHAT TO DO

Immediately go to the blast protected shelter areas—the best blast protection is located in the tunnels and sub-basements.

When instructed by the shelter managers, go to the Fallout Protected areas—Fallout Protected areas on each floor are posted with yellow and black Fallout Shelter signs.

Shelter for the Botanic Gardens is at the Rayburn House Office Building garage.

If not on Capitol Hill when the Attack Warning sounds, go immediately to the nearest building posted as a public Fallout Shelter, or take the best available cover. Listen to the radio for emergency information and instructions.

ATTACK WITHOUT WARNING

In case of an Attack Without Warning, the only signal may be a FLASH AND BLAST. Take Cover Instantly. Shield the eyes and body. When the blast wave passes, move promptly to shelter.

SHELTER INSTRUCTIONS

After taking shelter, remain there until officially told it is safe to leave. Shelter Managers will provide food, water, other necessities, and instructions. The Capitol Hill Emergency Self-Protection Organization, directed by the Architect of the Capitol, will coordinate emergency operations. Building Superintendents are responsible in the buildings they normally supervise and they have additional information as to areas offering the best blast and fallout protection.

MONTHLY TESTS OF ATTACK WARNING SIGNALS

The indoor and outdoor Attack Warning signals are tested on the second Wednesday of each month at 11:00 A.M., as follows. No action is required on the part of building occupants.

Indoors. Legislative bells sound twelve two-second rings.

Outdoors. Civil defense sirens sound wailing (rising and falling) tone for 90 seconds.
